ACRSI Spring Overview

- Allows a farmer to report acres to one agency for pilot crops.
 - Approved Insurance Provider (AIP) or Farm Service Agency (FSA)
- QBE NAU believes it is beneficial for the Farmer to report to their Agent and AIP first
 - Farmer must still submit a timely signed Acreage Report
- Once received, the AIP's can submit the ACRSI Acreage Report information to a clearing house at RMA
- The RMA Clearing House will then push the ACRSI data to FSA
- When the Farmer arrives at their FSA office, the ACRSI acreage information will be available for them to certify with.

How to Report Acres

- A non-MPCI ACRSI Acreage Report can be added to the end of a MPCI Acreage Report
- Insured can add the non-MPCI ACRSI Pilot crops to this form.
