Farming's a risk all on its own, and when commodities are forward contracted, the risks are even greater.

Take the uncertainty out of forward contracting with Forward Contract Insurance Protection, or FCIP. With FCIP, an indemnity is paid to you in the event your contracted bushels, insured under the MCPI crop insurance policy, can't be delivered.

Secure your farming operation this year, ensure your success with NAU Country Insurance Company and **<Agency>**.

Call **<Agency>** to find out how FCIP can help YOU manage your risk.

NAU Country Insurance Company is an equal opportunity provider.
